Notice to Clients of True North Counseling, LLC

Protocol for Life Threatening Emergencies

In the event that a life-threatening emergency occurs, due to illness or injury during the process of receiving services, or while being on the property of True North Counseling, LLC; emergency medical services will be sought by contacting 911 and following their recommendations. In the instance that emergency medical transport occurs the responsibility for cost of this service is with the individual being transported as are any associated costs for medical care.
